

donation tracking

## How can I use this?

### + Register a pack to your email address.

Keeping tags/labels in your "toolbox" lets you have fun incentives ready to help someone part with that ONE thing.

### + Recommend Tangible Karma as a resource to your clients.

Offering interesting and helpful new products helps you maintain your professional image.

## As a professional organizer, you can:

### + Resell Tangible Karma packs to your clients.

Having packs on hand can make a big difference in motivating someone to really clean out that closet.

### + Use a pack as an organizing workshop activity.

A great starting point is to have everyone bring one thing they would like to donate. Record names, emails, and what they are donating. There couldn't be a better follow-up than to pass along a recipient response!

"As a professional organizer, I am so thankful Tangible Karma was created! By combining the spirit of letting go and helping someone else, Tangible Karma provides a great incentive for my clients to pass along special treasures they no longer need. There is something powerful in knowing how an item is used and appreciated by the person on the other end. This is a great gift to provide clients or to offer as an activity in an organizing workshop." - Marlo Nikkila, OrganizeTogether

"I am honored to have the opportunity to offer such a smart and creative idea to my clients as an option to pass on their valuables creating a positive way to let go...collectively connecting God only knows how many lives together. All of the people involved putting energy into the same direction resulting in one act of kindness bringing prosperity and abundance abound." - Anni Frolich, Organizing the Details

Tangible Karma is especially effective with Chronic Disorganization issues!
